

You may be eligible to receive a free, energy-saving DIY kit.

The community-based organization listed on the back believes you may be eligible for (and could benefit from) the **Ameren Missouri DIY Kits program**. If you qualify, you can receive a DIY kit filled with efficiency products (valued at up to \$250) for your home.

Benefits of the program

Save
energy

Reduce
water usage

Lower your
utility costs

Make your home
more comfortable

How the program works

- A community-based organization identifies you based on factors such as income, statement status and past program participation. Ameren Missouri will then contact you to confirm your willingness to participate.
- A DIY kit, filled with dozens of energy-saving products and valued at up to \$250, is delivered to your door free of charge.
- You install the products throughout your home and submit proof of installation.

You can also apply for a one-time \$150 credit on an upcoming monthly statement.

What's included in the kit

Valued at up to \$250, each kit includes:

- Multiple LED light bulbs
- Advanced power strips
- Hot water pipe insulation
- Showerheads
- Kitchen and bathroom aerators
- Weather stripping
- A window insulation kit
- Door corner pads
- A step-by-step installation guide with links to helpful videos

Energy specialists, who can virtually answer questions or talk through the installation process, are also available.

How to apply for a one-time \$150 credit on your monthly statement

STEP 1:

Install products throughout your home.

STEP 2:

Take photographs showing the products are successfully installed in your home.

STEP 3:

Complete the application form, which is included inside your DIY kit installation guide.

STEP 4:

Submit your completed application, along with the photos you took for verification to DIYKits@amerenmissouri.com.

STEP 5:

If Ameren Missouri verifies that your products have been installed, they award you a one-time \$150 credit on an upcoming monthly statement.
